

# All our resorts are open and without restrictions!\*

Because of this, we will discontinue this Covid-19 Update page in the new year.

We thank you for your participation and understanding these last three years while we took every measure to keep our members, guests, and employees safe. We will continue to remain vigilant for you by maintaining our high-standard sanitation and hygiene practices at every property, and we will keep you informed of anything that may directly impact our resorts or your travel. For the most reliable Covid-19 information, please refer to the [Centers for Disease Control and Prevention \(CDC\)](#) or your local health authority.

Note: At our Club Regina resorts in Mexico, we do continue to require our food and beverage personnel and any employee entering a guest room to wear a mask. Also, antigen Covid-19 tests remain available to guests by request at these three resorts.

## Here's to safe travels and many, many more Memorable Vacations!

---

*\*While no mandated restrictions are in place, individual resorts may use their own discretion on how to best operate their resorts based on staffing, occupancy, or any other pertinent criteria. Villa Vera Puerto Vallarta remains closed until further notice.*
